

Our primary responsibility is to provide a quality developmentally appropriate experience for young children in a Christian environment. We recognize and respect parents as the fundamental nurturers and teachers of their children. Our program supports and expands on that foundation. We invite parents to participate with their children in the many worship, educational and service opportunities available at St. Anthony's. We welcome your suggestions and participation.

### PROGRAM OBJECTIVES

- To provide opportunities for the child to experience and appreciate God's world and gifts through daily prayer, stories and joyful celebrations
- To promote social development by providing experiences in sharing, cooperative play, conflict resolution and self-esteem building
- To promote emotional development through large motor games indoors and out; and fine motor development through experiences with manipulatives such as blocks, puzzles, crayons, paint brushes, play dough tools
- To promote creativity through art music and dramatic play

### OUR STAFF

Our staff is friendly, kind and loving. The teachers and assistants all have experience in early childhood education. Each year staff members complete many hours of continuing education through professional conferences. CPR and first aid certification is held by all staff.

## CALENDAR

Our program will coordinate with the Conroe ISD calendar for holidays and vacations. A copy of our calendar is provided to you and available on-line.

## WHAT TO BRING & WEAR:

All children must have a bag that fits a regular size folder. Each item in the bag must be labeled with the child's name. A complete change of clothes including shoes and socks must be in your child's bag. Diapers, wipes, pacifiers, cups & comfort items should be in your child's bag labeled. Parents should also supply a nutritious snack and a well-balanced lunch.

Clothing should be comfortable and appropriate for "messy" activities such as painting and outdoor play. **Close-toed tennis shoes are required.**

## DISCIPLINE POLICY

We believe that children learn best through positive experiences. We will work to provide a positive environment by praising good citizenship, anticipating/eliminating potential problems, structuring the environment and schedule to maximize the child's potential, using natural and logical consequences. Corporal punishment in any form will not be condoned in our facility.
